PROFISSIONAL EXPERIENCE

Product Controller; Receptionist -

Diagnóstico Avançado Por Imagem | 12/2020 – 10/2022

- Conference and sorting of images from imaging exams according to specific examination routines for release of reports and processes.
- Furthermore I provide patient care with a focus on assistance during the process of scheduling and conducting the examination with health insurance, medical, and radiology teams.

Nutritionist intern - Hospital de Clínicas e Secretaria de Estado da Agricultura e Abastecimento/PR | 09/2021 – 02/2022

- Assisted in screening, assessment, and monitoring processes of hospitalized patients in intensive care centers;
- I monitored activities such as menu planning, quality control, staff training, and tasks related to meal preparation and distribution;
- I developed nutritional guidance materials;
- I gathered information and provided assistance in food bank projects, kitchens, and community restaurants.

Costumer Service - IESDE SA | 12/2015 – 02/2017

- Provided customer service and technical support to address inquiries and resolve issues regarding access to the publisher's available materials.
- I also worked in the sales department, promoting the sale of online courses and materials.

Call center attendant - Grupo Vital | 08/2013 – 11/2014

- Focused on analyzing and authorizing exams, surgeries, and procedures, following the guidelines established by the health care plan.

Volunteering as college monitor - 200h

- I helped students understand and apply concepts in the subject of nutritional assessment related to anthropometric and dietary nutritional evaluation, providing support during classes and study sessions.
